Department	Management
Master thesis/project title:	The Effects of Quality Management Practices and Organizational Learning on Organizational Performance
Mentor/professor - contact:	Assist. Prof. Dr. Ensar Mekić – ensar.mekic@ibu.edu.ba

Thesis background:	All organizations implement certain level and some sort of Quality Management practices. Some of them are doing it in a planned manner, fully aware of the effects that these practices are bringing in both, short term and long term. However, many organizations are implementing them without much planning and knowledge about it. This study has purpose to investigate overall effects of quality management practices, with focus on organizational learning and organizational performance as dependent variables.
Thesis objective:	Primary objective is to measure adoption level of Quality Management practices in a given sample, but also to present its effects on Organizational Learning and Organizational Performance. The study aims to provide empirical evidence to support current research that leads us to assumption that Quality Management Practices have significant and positive effects on Organizational Learning and Organizational Performance.
